

**Dr K Manjunatha Prasad – Professor of Mathematics,  
Department of Data Science, PSPH**

**PROJECTS LIST**

<b>Name of the Project</b>	<b>Role</b>	<b>Funding Agency</b>	<b>Year</b>
Theory and Applications of Generalized Inverses of Matrices (3 years)	Principal Investigator	SERB-DST	Ongoing
Matrices, Generalized Inverses, and Applications	Principal Investigator	SERB-DST	Ongoing
Generalized Inverse of Matrix and its Applications	Principal Investigator	SERB-DST	2015-18
Evaluation of nuclear data including covariance error matrix for advanced nuclear systems in India	Principal Investigator	BRNS	2015-19
Generation, study and applications of covariance error matrix in nuclear data for advanced nuclear systems in India	CO- Investigator	BRNS	2008-11
