

The Fascinating World of Human Anatomy

A Hands-on workshop for **Biology School Teachers**

Organized by

Department of Anatomy

Kasturba Medical College Manipal

Manipal Academy of Higher Education Manipal - 576104, Karnataka, India

Saturday, 30th July 2022

9.30 AM to 4.30 PM

Dissection Hall, Anatomy Department, Centre for Basic Sciences, First Floor, Kasturba Medical College Manipal

Anatomy is one of the fundamental and foundational subjects to
learn about the human body. Basic knowledge of human
anatomy and exposure to its various components is helpful for
school teachers dealing with subjects such as biology. It helps in
clearing the fundamental concepts as to how
our body functions. It would further make the
teaching-learning practices more enjoyable
and realistic for both teachers
and students.

Why this workshop?

This workshop targets the biology teachers of high schools interested in exploring human Anatomy's intricacies.

This workshop will aid in providing a general idea about the essential structural organization of the human body. It helps in clearing the fundamental concepts as to how our body functions. Thus, learning can be made error-free and more enjoyable for the budding students.

What are its components?

The workshop includes lectures and hands-on demonstration sessions on the various organ systems of Human Anatomy, such as musculoskeletal, nervous, cardiovascular, respiratory, gastrointestinal, renal, reproductive, and endocrine systems. It will be followed by a complimentary guided tour to the Museum of Anatomy & Pathology (MAP).

The participants will be familiarized with the primary structural organization of the human body. The participants will also be acquainted with the process and importance of 'Body Donation.'

Who can attend?

Biology teachers interested in exploring Human Anatomy can attend the workshop.

What are the benefits?

The workshop will introduce the participants to the basic structural organization of the human body. It helps in clearing the fundamental concepts as to how our bodies function. The participants can implement the knowledge gained from the workshop in their teaching-learning practices.

The maximum number of participants allowed is 50. Registration is purely on first come first serve basis.

Program Schedule

TIME	PROGRAM
8.00 AM - 9.00 AM	Registration
9.00 AM - 9.30 AM	Inauguration
9.30 AM - 10.30 AM	SESSION 1 Musculoskeletal system
10.30 AM - 11.00 AM	TEA BREAK
11.00 AM - 12.00 PM	SESSION 2 Central Nervous System, Cardiovascular System, Respiratory systems
12.00 PM - 1.00 PM	SESSION 3 Digestive, Renal, Reproductive, Endocrine systems
1.00 PM - 2.00 PM	LUNCH (will be provided at the venue)
2.00 PM - 3.00 PM	Guided tour to Museum of Anatomy & Pathology
3.00 PM - 3.30 PM	Introduction to body donation+ Concluding remarks + Q&A Session
3.30 PM - 4.00 PM	Valedictory function & Distribution of Certificates
