No. NIMH/PROJ/WT-DBT/GV/CRTP/NOTI/2021-2022

Date:20.01.2022

NOTIFICATION

Applications are invited from eligible candidates for the “**Clinical Research Training Program Fellowship in Neuromodulation in Psychiatry**” in the DBT Wellcome Trust India Alliance supported “Clinical Research Centre for Neuromodulation in Psychiatry”.

This Fellowship program is initiated under this Clinical Research Centre with a specific focus on training needs in area of neuromodulation. The training program will involve neuromodulatory techniques [Electroconvulsive therapy (ECT), Transcranial Magnetic Stimulation (TMS), transcranial Direct Current Stimulation (tDCS) and others] offering alternative treatment avenues for pharmaco-resistant psychiatric disorders. Cutting edge basic research, as well as clinical/translational research will be ensembled to examine the role of these & other related neuromodulation techniques in psychiatry. This program would be jointly carried out at the National Institute of Mental Health and Neuro Sciences (NIMHANS), Bengaluru; Central Institute of Psychiatry (CIP), Ranchi; Kasturba Medical College (KMC), Manipal. Each fellow will be primarily placed in one of three institutes.

The programme would fund mentored research training fellowships for medical graduates (MBBS) and post-graduates (MD (Psychiatry)):

- To integrate basic and clinical research focusing on neuromodulation in psychiatry
- Clinical Research Experience in Psychiatry with opportunity for advanced training in the area of neuromodulation in psychiatry involving several areas like specialized clinical skills in psychiatry, neuromodulation techniques, research design, research ethics, and statistical analysis through mentored research training
- To provide knowledge and skills to prepare clinician trainees for careers in health research.

Name of the Fellowship	Clinical Research Training Program Fellowship in Neuromodulation in Psychiatry	
Number of Fellowships	NIMHANS, Bengaluru	03 (Three)
	CIP, Ranchi	01 (One)
	KMC, Manipal	01 (One)
Duration of Fellowship	3 Years. The fellow should demonstrate satisfactory progress as per 6-monthly assessments based on skills acquired, significant achievements in the assigned clinical research project. It is mandatory for the fellows to complete 3 years of training to be eligible for fellowship certificate.	
Fellowship Start Date	Earliest Start Date: 01 April 2022 Latest Start Date: 30 June 2022	
Educational Qualification	MBBS or equivalent qualification from a recognized University / Institution or M.D in Psychiatry or equivalent qualification from a recognized University / Institution.

Details of any other Training Programme undertaken by you to improve your technical skills, research skills or clinical skills

Please describe your academic background, research experience, career goals and what motivates you to seek clinical research fellowship.

Sample proposal on any neuromodulation modality

No more than 1000 words should be used to describe the research project. References provided at the end of proposal do not count towards the proposal word limit.

Indicate what your research question is, and why it is important. Detail a) Aims of the project, b) Work which has led up to the project, c) What key methodologies and techniques will the fellow use to achieve the aims of the project. d) Study design of the population/patient study e) Justification for choosing the sample size f) Timeline (such that the project can be completed by applicant within 2.5 years). **References:** Kindly provide full citation, including title of paper and all authors.

Attachments (In the same order when present. Originals to be presented during the interview/joining):

1. * Signed and scanned copy Letter of commitment to the fellowship for 3 years duration
2. * Scanned copies of minimum two Letters of Support from the current/previous supervisors
3. Scanned copy of No Objection Certificate (NOC) from current employer
4. *Document supporting Date of Birth
5. *Documents Supporting Educational Qualifications
6. Documents supporting experience
7. Documents supporting awards

Applications with all the required attachments to be sent to neuromodulation.crc@gmail.com as a single pdf file on or before 28 / 02 / 2022.
