

The 6<sup>th</sup> Edition of the International Quiz for Medical Undergraduates was held in June 2022. While the online Back to Basics Quiz was held on 4<sup>th</sup> and 5<sup>th</sup> June, the main event – Chiron, was held from 17<sup>th</sup> to 19<sup>th</sup> June. This was the first time IQMU was organised in a hybrid mode, combining the best of both online and offline formats. With over 150 participants for Back to Basics and close to 100 participants for Chiron, this was IQMU's biggest year yet! Apart from all corners of India, contestants hailed from Malaysia, Hungary and Philippines as well.

Back to Basics saw LHMC, Seth GSMC and KMC Manipal taking the Top 3 coveted spots while BJMC, Madras Medical College and Bangalore Medical College emerged victorious in Chiron.

Day 1 was perhaps the busiest one of all. Two sets of prelims, headed by Dr. Vinod Nayak and Dr. Chandni Gupta, three workshops and the much-awaited gala night, all took place within the span of twenty-four hours. Nevertheless, the participants marched onwards and headed to Day 2. The Quarter Finals tested the participants' ability to find the connect among multiple conditions. This was followed by the Wildcard round, which gave a previously eliminated team a second chance to get back into the quiz. However, things became more challenging in the afternoon as the semi-finals began. With Dr. M Mukhyaprana Prabhu in-charge as the Quizmaster, there took place a gruelling mental relay round and a very innovative Step-2-Step round, following which, 6 teams advanced to the Finals. With Dr. Sanchit Bajpai serving as the quizmaster, Pounce-and-bounce, Medical Trivia, Rapid Fire and the Wheel-of-Fortune were just few of the exhilarating rounds that culminated with three teams emerging on top.
