habits to keep the beaches and coastal environment neat and clean for the years to come. The event was supported by MRPL, Dakshina Kannada Milk Producers Union and State Bank of India.

Symposium on research in tobacco control held

Udupi: A virtual symposium on 'Applied Research in Tobacco Control' and a regional stakeholders' meeting was organised by the Department of Community Medicine at Kasturba Medical College, Manipal Academy of Higher Education (MAHE), Manipal on Thursday. Tobacco Control Capacity Program (TCCP) collaborated in this symposium. TCCP is a consortium of 15 universities to enable capacity building across low middle income countries. The event was inaugurated by Dr M Selvarajan (Deputy Director, Medical, State Program Officer, NTCP, MOHFW, Government of Karnataka and key note address was delivered by Prof Jeff Collin (University of Edinburgh, UK) and Dr Sharath K Rao (Dean, KMC, Manipal) presided over the programme. The research fellows in the Tobacco Control Capacity Program Praveen Kumar and Dr. Somya Mullanpudi presented their study findings pertaining to monitoring tobacco industry interference and health warnings on tobacco packs and the sessions were chaired by Dr Veena G Kamath and Dr Muralidhar M Kulkarni. The event also discussed measures to be undertaken to strengthen tobacco control efforts in Karnataka. The event witnessed participation from district and state tobacco control committee members, academicians, civil society members along with National and International experts.
